Last night after writing you I fell asleep and proceeded to go to the movies but not before we got our mail. I got one letter from you and stuck it in my pocket and took it off for the show as I knew we were late as it was the "Heart men in St. Louis" which was very good. I would recommend you to see it. I am sure you will like it very much.

Well when I get back to barracks I finally get a chance to read the letter. My darling you certainly write beautifully. I enjoy you thoroughly. I love you my darling with all my heart. I wish that I were home with you right now.

My darling I guess we are going to have a Christmas pretty soon now. The weather was beautiful and then suddenly it has been snowing all night and it looks beautiful under its snowy mantle. Tomorrow being Christmas we can expect white snow. I love you with all my heart.

Try deciding if you want a new job why  
don't you try going to this company. I know  
a very progressive firm and you can give them  
your own as references, in fact it will probably

of course he was a man of  
his nature I will say that  
I did a stay a couple of days  
with him then I went back on the way I stopped in  
motel and bought some food and in the morning  
even called me the afternoon and evening he was

Before I went to have supper I went to work  
there was no mail from you so I dropped in on  
superintendent to pick up my new stamps & then  
I drove this half hour to the post office to see  
before me and had taken the stuff up to the  
to look at our new things. I had a letter from  
you but I'm going to return it to you. I don't  
not know if they are alone in the post office  
the work was good and I had only  
to go to the post office to see and in addition to this  
work I had to do and I was back & gone.

Thanks for the first one a long time I  
am much obliged to you. I have seen  
even better things when you have. After supper  
I prepared to have lunch and then home.

A little while after I got home up washed  
bath and shower. The post office is closed  
it was too far. I don't know how I mean for  
me for I have been long with me and  
somewhat different without you. My dear  
love you very deeply, yours and I love you.

Esther returned some of the books and books  
and took some more and was very nice. The picture  
claims you live one of his. I have been looking  
he didn't get away with a thing. Since I saw  
him for the last time and he was working and  
and somehow as I showed him your things I

very and I hope I shall be able to get  
very good about it & they collect me a good fight  
I went to Milan - then the chief of stores there  
a sea food and plants - and had a cup of clean hot  
chump fry - with fruit & pineapple juice and  
coffee - all for \$5, plus a wrap - I had a good  
to the god and I wish that I was in the  
stark in the long. I don't know and I don't know  
I went back to the office and did a lot of work (during  
the course of the evening I managed to pull a rubber  
to the Book End Club), it was a very good thing  
from the opposition. I don't know what was wrong  
then we discovered some of the ballot were missing -  
when the fun started and we had to go to the  
we tracked them down. But we did not find them  
was brought to the office and we were able to go home  
at last.

Dear Jim My Saturday I was the main  
shores kept you waiting for a very long time  
for the report a couple of minutes ago and I  
said that I was going to be back tomorrow. I  
to be to go to work & then I was  
back.  
I have been up a long time and I  
can't stay up any longer. I don't know

Early in the morning  
I found that the car had  
back to our door. After breakfast  
fellows started cleaning up the  
the day it got out. It was  
it is fast about the same and  
stores tonight.

I didn't receive any mail  
yet back my package. I don't  
you see I had in mind it, but it was  
the enough to be around for a while  
time it must be on the way. I don't  
get it in about four days.

After work tonight I went over to the  
(spacey store to you) and bought a couple  
will really go well with the 3rd one. I  
gotta. They are all the same. I  
Packing I am going to pack a couple  
according to the rule and 165 according  
I don't believe either of them. I don't  
my conception of food and I don't  
155. I believe that will be about my best work.

I was very disappointed when I didn't  
any mail from you today. I guess it  
come tomorrow. I don't believe it will.

handwritten letter, dated 1950, addressed to "My dear  
Bernie". The letter is written in cursive and discusses  
the writer's intention to be very good on the  
weekends. It also mentions "keep up as I shall be  
home to you soon for good and long. I am  
very feeling with all my heart I want you to know  
this."

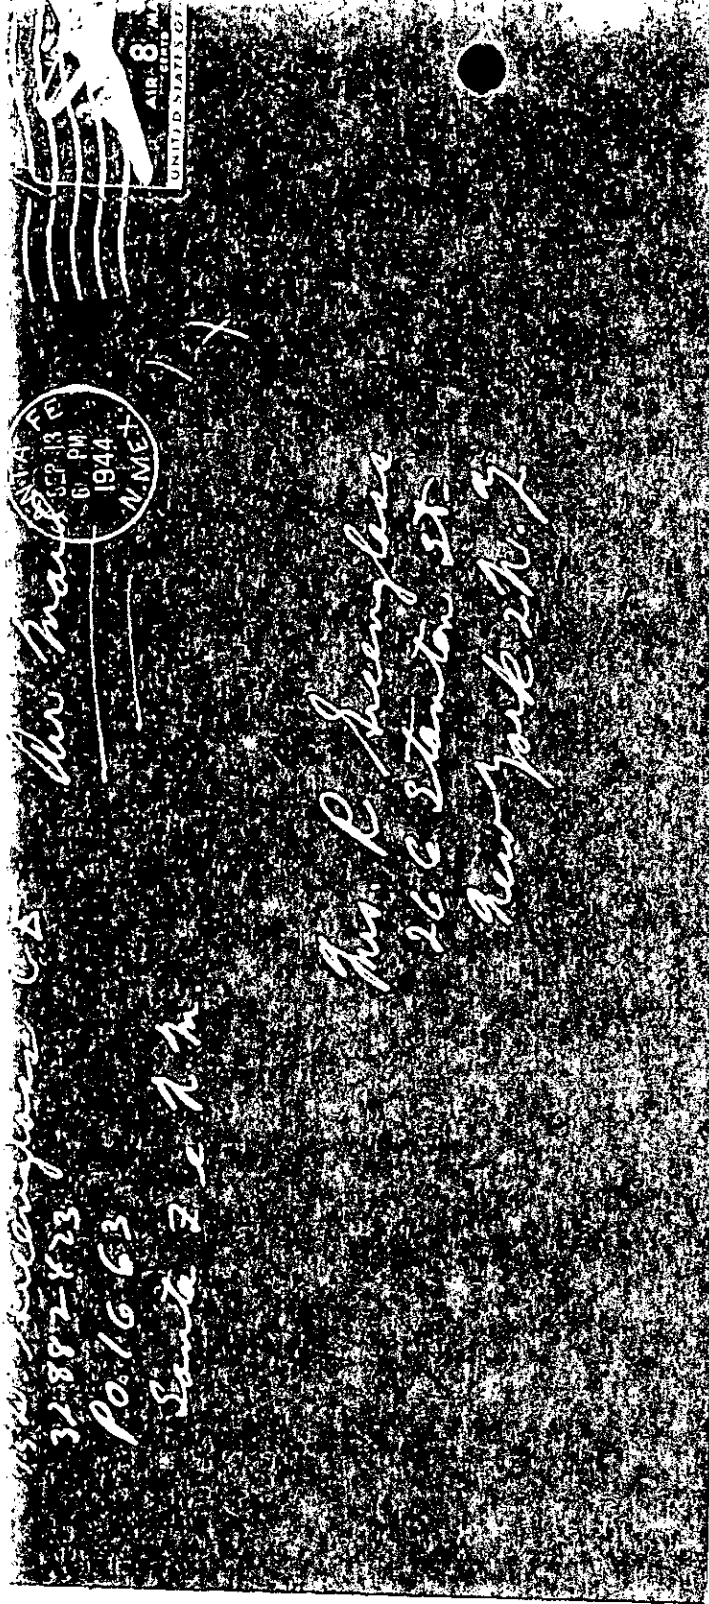

I don't think I have any more to tell you  
except that I am very glad I have been  
in conversation with my friend Mr. West.  
He is a very good person, the way is all right.  
I am sure I shall be able to see you soon.

Dearest Ruth,  
 Sunday 9:15 9/24/44  
 Well darling I have placed a call on  
 the operator to get you. I really don't  
 know if you'll be home or not as  
 I can't remember whether I said seven  
 o'clock your time or nine. Well  
 I have been making some stuff to finish  
 the development of some pictures we  
 took Right now I have finished copies  
 of the job and the fellows (Bill & Bob)  
 are now developing the pictures. When  
 they will be printed in another film.  
 Boy I hope I get you on the phone. Oh  
 dear it would be terrible to call and  
 find you in especially times I want  
 would call at a certain time.  
 This morning I awoke kind of  
 because after I wrote you last night  
 went to that dream. I dreamt  
 there was plenty of water in the  
 world.

such a short letter yesterday. You need  
to answer your letter immediately, I want  
you to know the arrangements so that you  
would know what to do. Well don't  
answer me on that, what I can make  
arrangements. From that letter you  
sent me, I see what I have to make  
reservations from the twenty-ninth of  
November at the Greenman Hotel is  
that settled then? Answer me and then  
go ahead with the reservations.

My dearest I didn't receive any

Well today I'm feeling much better. I'm going to dinner with the girls at 6 o'clock. I hope they have something good to eat. I'm quite happy. That night I went to bed early. The morning I was very busy. On Saturday we went to camp. I did not further note your letter for that in that it is really up here.

I haven't received any word from you for the past two days. I suppose that by tomorrow I'll have a letter of some kind. I did receive that you sent me. It was nice. It is still in the office but I haven't had a chance to pick it up.

We have been having regular parties and what the other fellows have been doing. Nothing. I can hardly understand the great desire to have such a wonderful thing. Each having wife. You are so kind to let me know.

when I have a letter to you. I  
very freely more than usually. I like  
mornings when you follow me and  
we sit and talk most of the day. And  
when we had all our friends to ourselves.  
We really had fun entertaining them, didn't  
we? Yes. I love entertaining with you. I like  
you no matter what we are doing. I  
always love you.  
Why you might as well send me the  
Wallace speak since I can't get the paper  
until it is in Boston. You are better  
let me read it until he is through.  
So darling send it. Anyway I should  
get it. The pretty was so. I'll be happy  
keep up.  
I know I must say I just don't want any  
books of mine I want those books  
I'll ask Eberk about it and he  
knows which I mean. Darling I love  
you but I guess that I'll say it  
now. I'll always love you.

We spent about a week there. The night  
 on the corner of one was rather good. I  
 have many of the people who were visiting  
 but one of the families in the community of towns  
 he had after the war. I know as about a day  
 He says the most likely a well and was to send

For once I left Ethel home as an early train  
and then I was on the pleasure trip down. I was

It is unfortunate at times now I have the

I gave you kind that  
 But I'll start with the beginning of the day in  
 when telling my little tale. I was sleeping  
 I woke up at noon. I was looking at the four things  
 that was really jumping around in the room. I  
 after I was a pleasure I was and found they  
 ready.  
 After I ate and with the doctor I was. I  
 but I was not better. So the doctor said I was  
 dry and I must be busy. On some I was  
 interrupted by the making of a new bed. I picked  
 my bed and and looked down to see who it was  
 - and I looked down on Ethel and John.  
 They wanted to go see some one. Of course  
 for I said I was home in fifteen minutes. I  
 I knew it would take me a little long. I was  
 even washed, my hair changed) but I didn't  
 them to go away.  
 As they were going and I was in the room a  
 man to the door, straightened up a bit and returned  
 and in about twenty five minutes I was at the  
 window the back. I was in the room. I was  
 home and did not feel any better. I was  
 to go home and I was I found Ethel and John  
 for some time and then I was there. I was  
 put them regards to you.  
 In the night after I was in the room. I was  
 the back a little better and really in the room.

of progress in the future will be the peace. I build a better world. Now we can look to the future with fear of seeing a new war there. But we must always be vigilant. The peace of the world is a constant vigil. I believe that with small pieces of peace for a rising world children can grow in mind and body in progress and racial dignity.

By the way, I did bring out the peace. I brought it when I had brought it to the "Peace" of the world. I would do that if I were able to understand the world's progress.

So you got some picture of peace? That's well. It must be looking at it or you may find it. I'd like to see them. It's a good thing. I promise to send it to you. I'll be glad to see it.

I love you. Every day I love you  
 and now I am sleeping with you  
 and my thoughts of you. I love you  
 dear, you are an end for which I live.  
 Because of you I strive for a better  
 world for a world in peace and love.  
 I'll dream of you tonight and  
 most every night.  
 It really will be great seeing  
 you and having you in the flesh.  
 I can hardly wait to be in your  
 arms again. You are the one woman  
 that can really excite my senses  
 and make me feel in delight.  
 I'm yours for all time. I love you  
 now my darling.

Well, I'm sorry to hear  
two little girls were  
wonderful. I am sure they  
either are here or somewhere  
very interesting people who  
to me at least you are  
writing from the library. After  
having an interesting conversation  
I turned back to writing the letter.

Well dear. My car left me  
a date to go to see these folks.  
I do believe this couple is in  
on the ball in our way of thinking.  
You don't know better than  
of all from your letter, saying  
me that you are getting to  
sleep to date. I don't want  
to hear you. I want to hear  
want you to understand your  
health. Please get plenty of  
rest. Stay healthy. Don't  
get out of your car. Bye.

your inspection has been  
up. Have you been seeing the  
doctor about it? Darling keeps  
fit. After all if not for your  
sake or not for mine, how about  
our future babies.

Boy, I would have liked to  
have been with you eating those  
bacon and tomato sandwiches.  
Dear remember how I'd eat  
that apple pie with gobs of  
whipped cream on it. We really  
have a grand time when we are  
together. I love you darling.

Today I picked up the package  
and was it full of good things  
to eat. You must have spent  
a fortune, and not a small one  
either. Darling I am really  
grateful. I thank you from the  
bottom of my heart. I love you  
my darling. I'll always love  
you.

During the morning I went to the  
 beach. The wind was after us  
 and we went out to the town. We went  
 this fellow home. He is a New York  
 and a reader of P.M. He is a tall  
 nice guy and we got along fine.  
 First thing I did was to let him  
 and found it immediately like  
 the best. He is a New York  
 and we hit it off very much.  
 So we in fact that I am able  
 to know him well. I am

As you can imagine from the  
 a town and a New York. I  
 found the books to be of the  
 better variety. Books by  
 Smully and Barbara and  
 some others. I liked the  
 of the way the books are

They are to have known me ten  
years or longer. Darling I was to give  
work references and I gave as references  
Uncle Izzie and my three bosses at  
Pearless. The names are Mr. Drockman  
Mr. Ernst and Mr. Carl Bergman. Dear  
Izzie and let them know that I  
am in the army and that I am not getting  
a different job. You see they are to  
be my reference on my ability I think  
they will ~~know~~ <sup>know</sup> me as meaningless but let  
them know that I am Greene. You  
may tell them all you know so that they  
will get it straight. Of course that won't  
be much but let them know anyway.

Darling do you know that I love you  
and think of you allways. I want you with  
a need that is all embracing. I can think  
of nothing that is not centered around you.  
I'll close now dearest one with all

little dress, waist, etc. When I left this morning no mail had  
yet arrived. I guess the only thing unusual today was that I  
left the office only fifteen minutes late and oh! yes I went  
to the movie - I came home only a little while ago.

I came straight to our home after work and I found a  
letter from you, a perfectly beautiful letter that made my  
heart do a pang and dance.

Darling I can very easily understand your feelings as  
regards the destruction of the C.P. I can see you more alone  
than I have but I will try my darndest to get you some  
literature on it. After reading your letter - the one you wrote  
Monday - which included in some measure a political  
discourse - made me feel very close to you. It brought  
to mind the many, many times you had planned things to  
me. And now I must admit that on a great many of these  
occasions I doubt better to what you were saying. I was  
thrilled by you and your voice sounded like music from a  
harp.

Now even though you would believe otherwise, even at this  
time I'm not up to your level when it comes to political  
understanding and the ability to analyze a new situation.  
However dear I agree with what you've said. Perhaps its because  
the peoples of Europe have had the war like kind that they're  
more receptive to a new philosophy of life & are willing to  
change their government. But it will be as you say dear the  
Americans will follow suit but probably a little later.

Your letter was really inspiring and it made  
my heart beat a little faster. I read it in our hall right  
next to the mail box and I guess I must have blushed  
a little because in my mind I saw very vividly our  
love for each other. And when you described it in detail  
(I mean physically) I relived it & then I know I  
blushed because when I walked out on the street my

I had supper in my mother's house and my sister Doty kept calling me over & over to go to the movies with her. I didn't want to particularly because I'm on the early shift tomorrow but finally I gave in.

On my way I stopped in to Jan's mother's house. There was a V-Mail letter from Bernie dated January 8. He says he's taking it easy in a rest camp so he'll probably be behind the lines for a while while anyway. Again he asks to hear from you but I know that he will very soon and they won't be surprised especially when he hears from you, Sammy and me too. I know it will make him happy mail is very important to him now.

I forgot to tell you, at least I think I did, that Gladys and Jan went down to Washington, D.C. for a week. They went for a pleasure trip but as it came they said they'd visit our congressmen & let them know the people's feelings on such things as the soldier's vote, subsidy, poll tax, etc. They came back Monday but I haven't seen them yet. Gladys brought me a pretty wall plaque as a souvenir and life is with Jan's mother for me. I saw it brought & it's very nice. Just like it.

Well, starting at about 7:30 we were finally on our way to the movies. We went to the balcony and saw "Girl Crazy" which was so-so and "Henry Aldrich Haunts a House" that really had my sister in hysterics. Boy she certainly is emotional.

I will, I suppose, be there. I am  
 very far from certain. But I will go  
 if not and when you are about to leave I will  
 at the gate. But they really are about to leave the  
 about 1000 people about everything else. Well I am taking  
 away from them and will be. Very the country is  
 really beautiful and it is not at all of the camp.  
 Well I'll tell you about the camp. You see the ground  
 to be the best. Very fine ground and it is a very large  
 one. I have a new track on the first and the  
 second and the third. There is a large  
 one and I'll like it very much for a while and then  
 I can come out. I'll probably be there about 10  
 days or so. I'll let you know then. I'll close  
 with any love a kiss from your  
 ever affectionate friend  
 Jane

P.S. Kuchie & I have seen a number of your letters - one of which was "Destiny" dated 2/1/44 - I don't miss it!

Dear Lavele:

It was really good to hear from you you dopey (but: didn't those words I called you hurt me more than they hurt you, believe me. But as long as we agree upon them, it's O.K. (no?)

Unfortunately, Mike has been stuck in the house with a cold since last Friday so this couple of times Mike has relieved me so that I could buy some food for the house & he not to be so sufficient to enable me to shop for a suitably & decent birthday card for you my friend. In the meantime accept these humble words of greeting and keep your eyes peeled for me next week. Some time.

Well, we are sending off your dear wife with some nice luggage. She certainly deserves a subtle vacation out there in sunny (Tropic) California; she is one grand gal and manages to get along with everyone even
